

Our moment, our Time

Class of 2010's Graduation

Workshop – Saturday, February 20, 2010, 8 am – 3 pm.
Personal Bio and Slide Show must be submitted to Student Services on a jump drive by April 2nd.

Personal Biography

A personal bio and 8x10 photo will display on a table easel at graduation.

The bio needs to:

1. Be one page doubled spaced. Use an easily readable type font and a font size that makes the bio fit on one page.
2. Highlight various aspects of your life and what is important to you including any past accomplishments and future dreams.

Personal Slide Show

A personal slide show of each graduate will show prior to diploma presentation.

The slide show needs to:

1. Be 15 seconds in length.
2. Have slides advance automatically.
3. Include a song that is free of inappropriate lyrics (cussing, degrading women, etc.) and the song file is separately attached on jump drive.
4. Include photos of your family, friends, hobbies, etc.

Although the Personal Bio and Slide Show are voluntary, your parents may have an expectation that you will be highlighted in this way, along with everyone else, and might be disappointed if you are not.
